Consultant—Dr. W. Ainslie.

Hon. Auditor—Mr. E. H. Roberts.

Hon. Sec.—Miss Craigie. *Hon. Treas.*—Barclays Bank.

Forty-fourth Annual Report of the Committee, 1932.

The Committee are pleased to be able to present Accounts which once again show a small balance on the right side. They wish to take this opportunity of thanking the Medical Officers and Mr. Hooper for their valuable services during the past year and also the Matron and her staff for all they have done.

It was with very deep and sincere regret that the Committee heard of the sudden death of the late Dr. Milner. He was a faithful and devoted Hon. Medical Officer for many years and his death is a very real loss to the Hospital. The Committee most heartily endorse the sentiments expressed by the Doctors in their report.

By the death of Major Stewart Robinson the Hospital has lost one of its oldest supporters. He was Chairman of the Committee from 1913—1920 and was a member of the Committee till his death. He always took the keenest interest in the welfare of the Hospital and helped to endow a Cot in memory of his late father and mother.

The Committee beg to report that they have received an intimation from Messrs. Vaughan & Baker (acting for the Executors of the late Major Stewart Robinson) that he bequeathed, free of Duty, unto the Trustees of his Will the sum of £200 upon trust to invest the same and pay the income from such investment to the Treasurer for the time being of the Victoria Cottage Hospital, Kington, during the lifetime of his Sisters Mrs. H. M. S. Arkwright and Mrs. E. M. Heygate, and on the death of the survivor of his said two Sisters, to realise and convert into money the Investment representing the said sum of £200 and pay the same to the Treasurer for the time being of the said Victoria Cottage Hospital as a contribution for the permanent endowment of a Cot in memory of his late Father and Mother.

The Hospital Ball was a great success again this year and the Hospital Committee wish to thank Miss Banks and her Committee and helpers for their strenuous efforts on behalf of the Hospital.

As will be seen by the long list of gifts and egg collections the Hospital has many kind and generous friends. The Committee are extremely grateful to them all and tender them their sincere thanks.

The following shows the work done in the Hospital during the past year. Patients admitted, 122; Patients days, 1,374; Major operations, 5; Minor operations, 69; Deaths, 5; Average number of days each bed was occupied, 178; Average length of stay, 12 days. 4 cases were brought into the Mortuary.

Report of the Medical Staff, 1932.

There have been 122 admissions, of which 62 were surgical cases, and the rest medical and dental. Of the surgical cases, 10 were road accidents. There were also four cases brought in dead. We tender our sincere thanks to the Nursing Staff, for their devotion to duty and cheerfulness at all hours.

On March 19th Ernest Arthur Milner passed suddenly away, leaving in the hearts of those who knew him best, a void which will be hard to fill.

The immense amount of unremunerated work which he did for the poor in Hospital, was only a fraction of a Charity, of which the whole was known only to himself.

Those of us who had the great privilege of working with him, mourn a Colleague such as one can rarely hope to meet.

G. W. DRYLAND.

RONALD R. WALKER.

IAN H. TAYLOR.

RULES.

I.—THE HOSPITAL is intended for the accommodation of poor persons residing in the neighbourhood of Kington, who, suffering from accident or curable disease cannot be treated efficiently in their own homes.

II.—All the property of the Hospital shall be vested in Trustees and any vacancy occurring in their body shall be filled up by the Governors at the next General Meeting.

III.—The Hospital shall be under the direction of a body of Governors, consisting of donors of £10 and upwards (who shall be Governors for life) and of annual subscribers of £1 1s. and upwards.

IV.—The management of the institution shall be conducted by a Committee consisting of a President, twelve Governors to be appointed annually, the Medical Staff and the Hon. Secretary and Treasurer.

V.—The Honorary Secretary and Treasurer shall keep minutes of all meetings of the Governors and Committee; receive and pay monies under the direction of the Committee; keep the accounts and at the end of each year prepare a Report and Balance Sheet to be submitted to the Annual Meeting.

VI.—There shall be a General Meeting of the Governors early in each year, for the purpose of receiving the report for the past year, and transacting any other business. A special meeting of Governors may be convened at any time by the Hon. Secretary upon the receipt of a requisition signed by not less than five Governors, specifying the object of such meeting and giving a week's notice.

VII.—The Committee shall meet at least once in every month, three members to be a quorum. They shall have power to fill up vacancies in their number, to make Byelaws and Regulations which shall be in force until repealed or amended by the Committee or by the Governors at an annual or special meeting. If a member of the Committee is absent from Meetings for more than six months consecutively except in the case of illness or for some other reason approved of by the Committee, membership shall on the expiration of those months cease and determine. The Committee shall then have power to fill such vacancy until the next General Meeting. They shall appoint a resident Matron, provide her with such assistance as they may from time to time think desirable, and make all necessary contracts for supplies to the Hospital.

VIII.—The expenses of the Hospital shall be defrayed by donations and annual subscriptions, assisted by weekly payments made by the Patients. Annual Subscribers shall be entitled to recommend one Patient in the year for every 10/6 subscribed. Subscriptions are payable in advance and become due on the first day of January in each year.

Every Clergyman, Minister, or other Collector and every elected representative of a Workman's Collection, Friendly Society or other

organised body, who shall pay to the Treasurer one guinea or upwards, collected or subscribed for the Hospital, shall be entitled to recommend one patient for the current year for each guinea so paid.

IX.—No recommendation for a patient shall be available for more than three weeks.

AS TO PATIENTS.

X.—Each application for admission must be accompanied by a recommendation signed by a qualified subscriber and countersigned by a Medical man. But in case of serious accident or emergency the foregoing rule may be dispensed with and the patient admitted by any of the Medical Staff until a recommendation can be procured. Patients afflicted with Mania, Epilepsy, Infectious, Incurable or Chronic Disease shall be ineligible for admission.

XI.—Every Patient shall be required while in the Hospital to contribute towards the cost of his or her maintenance such weekly sum (not less than 5/6) as the Committee shall in each case determine. A member of a Society, all of whose adult members are contributing to the Hospital annually at the rate at least 2d. per week, shall be admitted at 10 per cent. reduction.

XII.—Patients must submit to the regulations of the Hospital and control of the Matron, and receive visits from their friends at times approved by the Committee.

XIII.—Except personal clothing, every requisite for the patients shall be provided in the Hospital, and they shall not be allowed to receive food or drink from any other source on any pretence whatsoever. Any patient guilty of misconduct or neglecting or refusing to comply with the rules of the Hospital shall be liable to instant dismissal.

XIV.—Patients shall have the utmost religious liberty and may be visited by any minister of religion they desire.

XV.—There shall be a visitors book kept at the Hospital, open at all times to the inspection of subscribers in which any observation or complaint may be entered. This book shall always be examined by the Committee at its meetings and every complaint so entered and signed by a Subscriber shall be enquired into by the Committee.

XVI.—At such times as there is more accommodation at the Hospital than is required for the treatment of poor persons the Medical Officers are at liberty to treat as paying patients there, those who are in circumstances making gratuitous services unnecessary, provided :

1—The sanction of the Committee is given to their reception or in case of urgency the sanction of the Honorary Secretary is previously obtained.

2—That in addition to the Medical Fees the patient contributes to the Hospital Funds sufficient to pay all expenses required by the Committee, the minimum charge being Two Guineas a week.

3—That the patient be aware of the condition of reception.

XVII.—The foregoing Rules may be altered, rescinded or added to at any special meeting of the Governors provided notice of such intended alteration or addition shall have been given in writing to the Secretary not less than fourteen days prior to the annual or special meeting

Bye-Laws.

The ordinary meetings of the Committee shall be held once a month, to examine and discharge the accounts for the previous month and to conduct the general business of the Hospital.

When serious operations have to be performed, notice shall be given to all the Medical Staff in order that they may be present at the operation.

The Matron shall be responsible for the proper nursing of the patients and the general domestic arrangements of the Institution, and have charge of all provisions and stores. She shall receive all payments made by the patients and account for the same to the Committee monthly. She shall make arrangements for the charge of the Hospital in her absence.

Patients must conform to the rules and bye-laws of the Hospital and obey the directions of the Medical Officers and Matron.

Every patient is required on admission to bring decent clothing and a change of underclothing and a brush and comb.

Patients shall be allowed to receive visits of their friends on Sunday and Tuesday afternoons, between the hours of 2 and 3-30, but at no other time without leave of the Matron. No more than two friends to be admitted on the same day to see any patient.

Patients shall not leave the Hospital premises without special leave of the Matron, nor at any time go into any but his or her own Ward.

Any patient shall be liable to be discharged for any breach of Rules or Bye-laws or for disorderly conduct.
